Dated: 15 June 2022

Explanatory Notes

This Notice is made to provide authorisation for authorised persons to continue to rehabilitate injured, sick and orphaned protected and threatened animals until the new expiry date of 30 June 2023. This Notice does not vary the activities or classes of native animals authorised under each licence, or any licence conditions that are not included in this notice.

The holder of the Licence may appeal to the Land and Environment Court against this licence variation within 28 days of being given notice of this variation.
